## WBIF Investments Overview

The WBIF Bilateral Donors reiterate their strong support for a sustainable and green transition of the Western Balkans. Within the WBIF, concerted efforts and coordination with all partners are more important than ever. The Bilateral Donors are actively involved in the WBIF governance and operations and continue to support small scale yet high impact projects.

**Frode Overland Andersen**  
**Director General**  
 Department for European Affairs and International Trade, Ministry of Foreign Affairs, Norway

“As Bilateral Donors to the WBIF, we will continue to support the beneficiary countries. Addressing social needs and improving the quality of public services – especially at the local level – is an important priority. We will also continue to support the green and digital transition. The WBIF has the structure, governance and means to implement this agenda.”

\*The remainder of the Bilateral Donor contributions has been allocated to technical assistance for project preparation.

### Key results

**20**  
 investments co-financed by WBIF Bilateral donors

**€525m**  
 estimated investments

**13**  
 Environment & climate projects

**€65m\***  
 investment grants

**3**  
 Clean energy projects

**4**  
 Human capital projects
